# 1) In Riga “cold” means “freezing”

2) Someone is going to be a pop star...

2) Someone should change his dream..

2)..and someone is already a star!

# 3) Be opened to the “other”

UROMANCY

The diagram is a circular table for uromancy, a form of divination. It features a central circle divided into several smaller sections, each containing Latin text and a small illustration of a vessel or a specific urine-related symbol. The outer ring of the table is also filled with Latin text, likely providing instructions or additional rules for the practice. The overall design is intricate and characteristic of medieval manuscript illumination.

Divinization of uroscopy  
*i.e.*  
fortune telling and  
foreseeing the future by  
“reading” the bubbles in  
urine
